**DIES OF PARALYSIS CAUSED BY EXCITEMENT**  
Pueblo, April 14.—Richard Graves died at his home here today as a result of a paralytic stroke brought on by excitement. He was at his club

down town last night when the word was brought to him that his home was on fire. He ran to the place and shortly afterward was stricken. He grew worse and died this afternoon. The damage to his home was slight.

## MAKES FINE TREE OFFER

Geo. H. Webster Makes Offer to Cimarron of Trees.

At the meeting of the Farmers last Monday evening, the subject of planting shade trees in Cimarron was discussed, and in order to help the city along, Mr. Geo. H. Webster, of the McCormick ranch, made a fine offer to the people of Cimarron.

Mr. Webster stated that he had thousands of young cottonwood trees on the ranch that he would be glad to give to the people of Cimarron if they will plant them and take care of them. Not a cent will be charged for the trees, and any one can have all they wish for the asking. The only condition of the offer which Mr. Webster imposes is that parties wishing trees report to him or his foreman. In some localities on the ranch, Mr. Webster is trying to grow trees, in others he wishes to thin out the growth, and for this reason he insists that no one take trees without first having reported to him and having been shown where to get the trees.

This is a most generous offer, and it is to be hoped that everyone will avail themselves of it.

## MYSTERIOUS EXPLOSION

"Black Hand," Letter Writers Believed to Have Carred Out Threats

Durango, April 14.—Following the receipt of a "Black Hand" letter yesterday by George L. Logan, superintendent of the Champion mine of the Gold Hill Mining company, in which the writer threatened to kill the superintendent and blow up the mine unless a certain employee be again given work, a mysterious explosion occurred today in which two miners were injured and a third is missing and is believed to have been killed. C. A. Williams is the missing man, and, although he was known to be in the mine when the explosion occurred, all search for trace of him has proven fruitless. Noce Localti and C. Ferrari are suffering from burns but will recover. An investigation of the mine has failed to show the place where the explosion occurred. That it was caused by gas is unlikely since a car, carrying a large headlight passed through the tunnel a few minutes previous to the accident and no explosion took place. The miners are sure that the explosion was caused by the men who sent the threatening letter.

### ROOSEVELT CONSERVES RESOURCES

Washington, April 14.—In a special message yesterday vetoing a dam bill President Roosevelt warned congress that there are pending in this session bills which propose to give away without price stream rights capable of developing 1,300,000 horsepower, whose production would cost annually 25,000,000 tons of coal. He urged in vigorous terms the establishment of a policy such as the filibustering minority in the house demands, which would safeguard the granting of bridge and dam privileges and require the grantees to pay for them; and definitely announced a future policy on his part with regard to prompt utilization of construction privileges by refusing his signature to a bill that gives an additional three years to the Rainy River Improvement company within which to build a dam in the Rainy river.

"I do not believe," says the president, "that natural resources should be granted and held in an undeveloped condition either for speculative or other reasons. So far as I am aware there are no assurances that the grantees (in this case) are in any better condition promptly and properly to utilize this opportunity than

they were at the time of the original act granting the privilege) ten years ago.

## JAPAN SLOW TO EXPLAIN OUTRAGE

Washington, April 14.—Secretary Root today received a cable message from United States Minister Rockhill in Peking, dealing with the attack upon Consul Straight in Mukden by a Japanese postman, reinforced by several Japanese hoodlums.

The dispatch was decidedly pacific in character. It said that the Japanese government had taken cognizance of the affront to a United States consul and had asked for time to investigate.

The government has not receded one inch from its position, however, that the attack was unwarranted. It may be said that nothing short of an apology and punishment of the offenders will be accepted, and that, failing this, a message will be transmitted to Tokio which will be extremely embarrassing to the elder statesmen of the Island Empire, and which will be little short of an ultimatum.

## BASE BALL RESULTS

### AMERICAN LEAGUE

At New York—New York 1, Philadelphia 0.  
At Boston—Boston 3; Washington 1.  
At Chicago—Chicago 15; Detroit 8.  
At Cleveland—Cleveland 1, St. Louis 2.

At Philadelphia—Philadelphia 1; New York 2.  
At Brooklyn—Brooklyn 3; Boston 4.  
At Cincinnati—Cincinnati 5; Chicago 6.  
At St. Louis—Game with Pittsburg called off on account of rain.

### WAVE OF CRIME IN ALASKAN ISLANDS; AUTHORITIES BUSY

Seattle, Wash., April 14.—A special from Valdez, Alaska, says that according to advices reaching there from Kodiak and Afognak islands, wave of crime has just swept over that section of the Far North, and as a result of investigations made by the local authorities, O. L. Grimes, a teacher in the schools of Afognak island, and C. P. Henkel, superintendent of the government fish hatchery at Letnick, are under arrest charged with attacking a 14 year old Russian girl.

In addition to these two cases the government officials are in possession of affidavits making a similar charge against others and warrants are expected to be issued shortly.

### ARMED TROOPS GUARD PENSOLA PROPERTY

Pensacola, Fla., April 14.—With the arrival of four more companies of state troops this morning the forty strikebreakers from New York who had been held at the police headquarters were moved to the street car barns.

Two companies of militia are now on guard at the car barns and so far the strikers and their sympathizers have made no demonstration. A total of fourteen militia companies are now here to suppress any violence that may be attempted when the cars are started.

### CHICAGO UNIVERSITY AGAIN TO THE FORE

Chicago, April 14.—Professor Geo. R. Foster of the University of Chicago divinity school in an article on "The Religious Basis of Ethics" in the current American Journal of Theology, issued yesterday from the university press, expresses the opinion that Christianity is undergoing a crisis which may destroy it to make room for a new faith.

Professor Foster declares that Christendom is witnessing the death of the traditional Christianity and that the deepest doubters have been forced by their conscience to question Christian ideals. Many thinkers are coming to look upon the orthodox ideals as "grinning and grotesque ideals," he believes.

"Today we are hearing much of the return to faith," he said. "Personally I am unable to see any such return. There may be, indeed, signs of a new faith, but no return. In my opinion Christianity is in the most grievous crisis of its history. I do not refer to controversy in the newspapers and on the street, but to the quiet, bitter battle which serious men are fighting out in their own souls."

## REGICIDES SENTENCED

Slayers of Portugal's King Must Pay Extreme Penalty

Barcelona, April 14.—The sentences upon Jean Rull and his accomplices were handed down at 3 o'clock this morning. Rull and his friends were yesterday found guilty of complicity in the recent series of bomb explosions and anarchist outrages. The evidence adduced showed that Rull and his associates were the authors of the attempts to assassinate King Alfonso at Madrid and Paris and of various outrages in different parts of Spain. Jean Rull, Herman Rull and Maria Querralto were sentenced to death. Jose Rull was given seventeen years, Amadeo Trilla twenty-four years, and Francisco Trigueros fourteen years at hard labor. Raymunds Burguet was sentenced to imprisonment for four months. Perello and Peralas were acquitted.

After the sentence had been announced Burguet's mother slipped a knife into the hand of Herman Rull, with which he tried to commit suicide, but he was prevented by the guards.

Three dynamite bombs were found in Angel square today.

### MERCHANT WHO TURNED NIGHT INTO DAY, DEAD

Chicago, April 14.—E. F. Henderson, a prominent merchant of this city, who for fifteen years systematically turned day into night, died at the Auditorium Annex last evening.

It was Mr. Henderson's custom to breakfast at 1 o'clock in the afternoon, take luncheon just before the theater at night, and to eat a hearty dinner at 1 o'clock in the morning. This "night-owl" life Mr. Henderson had persisted in with marked benefit to his health, so he believed. He had been troubled with his liver. He had not been well for a week, but had been confined to his room only since Saturday.

### WOMAN TRUSTEE OF WYOMING UNIVERSITY RESIGNS UNDER FIRE

Cheyenne, Wyo., April 14.—Miss Harriett Knight, the only woman member of the board of trustees of the University of Wyoming, who have been under fire for some time because of alleged political graft, has tendered her resignation to Governor Brooks, stating that she considered that the best interests of the university required the resignation of the republican board and the appointment of a non-partisan board.

Mr. Ralston, who has held the position of operator for the Rocky Mountain road here in Cimarron, has left for Peoria, Ill., where he will finish a course in watchmaking. J. J. Leuz, a thoroughly experienced railroad man, has taken his place.
